

**IMEX Scholarship
MPI Foundation**

Category II

IMEX and the MPI Foundation have created a scholarship program to help industry peers further their education around the globe. MPI's vision, to create a rich global meeting industry community, offers an opportunity and an obligation to develop a learning path for the global community that ensures appropriate career and personal development at each stage of an individual's career. This knowledge "ethos" will ensure MPI is a global knowledge leader in the field of meetings and events, with the ability to attract, train and elevate talent for a rapidly expanding global industry.

This plan is intended to ensure that the development needs of the community are met throughout the entire course of their careers, with multiple points of entry and engagement for personalized 24/7 professional and career development.

Some of the MPI Global Training programs the IMEX Scholarship supports are the Global Certificate in Meetings and Business Events I, II, III and IV, the Online CMP Study Guide Program and the Certification in Meeting Management (CMM).
