Dear Friends:

Have you ever thought about the true impact of your generous donation? How the contributions from MPI Middle Pennsylvania Chapter make a difference? Through the \$225 donation, you have encouraged thousands of breast cancer survivors who rely on our free programs and services each and every day. Programs like our **Friends Like Me** care packages, where any newly diagnosed woman in Pennsylvania can receive the resources and information that help at a time when they need it most, absolutely free. Or our **Patient Advocacy** service, where family members, friends, and patients can receive personalized assistance on insurance coverage, free medical treatment, mammograms and other life-saving resources. These are just a few ways that your donation makes a difference.

Perhaps the easiest way to explain the impact made by your generosity is through one breast cancer survivor's quote, describing our **annual educational Conference**: *"Life is good when you pass it on to someone else. You'll never understand what all of you at the PBCC have done in my life and the hope that I have every year that I'll see you again. I hold on to that thought all year long and I look forward to the Conference and when I get there... just coming on the bus, oh the excitement inside of me! My heart is leaping all over the place. If I was young I would do a dance."*

From all of us at the PA Breast Cancer Coalition, thank you for making breast cancer survivors feel like dancing, living, thriving. The truth is the effect that your dollars have made is immeasurable. We are honored to be working with you at MPI toward our passionate mission of **"finding a cure now ... so our daughters won't have to."** Thank you for believing in that mission, and choosing to partner with us to help make a difference in the lives of others and help find a cure.

Sincerely,

Jennifer Pensinger  
Executive Director
