## Mentor Cafe

Mentoring is a gift to touch someone's life and career with advice, support and connections that are valued forever. At MPI we realize that and aim to support the idea of creating learning experiences for other people. Ask yourself today "why would I need a mentor" or "why should I be a mentor". We want to help you answer those questions.

Fred H. Knieberg, CMP had the original idea to create a Mentor Program for the MPI D/FW Chapter. Knieberg dedicated the last few years of his life to creating a successful program designed to provide growth for experienced professionals within the chapter in the development of other members. To honor his work, the chapter invites you to sign up to be a mentor or mentee and participate in this great program.

There are multiple ways to participate in the MPI D/FW chapter Mentoring Program.

- Visit the Mentor Cafe. The Mentor Cafe is held between 11:00-11:30 am prior to the MPI D/FW Chapter's Monthly Experience that include an educational program.
- Become a Mentee. Complete the [Mentee Application](#) to provide our mentor matching committee with information on your background, experience and goals to help us identify a best mentor match for you.
- Become a Mentor. Share your experience and contacts with a new person wanting to learn by completing the [Mentor Application](#) with your background and special skills.
