**THE SIX VOICES:
THE ESSENTIAL INFLUENCES
THAT DRIVE YOUR
DECISIONS
(AND THOSE AROUND YOU).**

November 15th at 11am

at the

Embassy Suites - Des Moines Downtown

After a spirited conversation with her military husband about how and when to do laundry, Liz Nead realized there were fundamental differences between their priorities and choices that couldn't be characterized as right or wrong. While her husband felt supported by predict-ability, Liz felt constrained by the very same routine.

Their contrasts led her to the Six Voices Profile, a behavioral prediction model based on six voices. Imaginative, entertaining and interactive, Liz uses these voices (developed by child psychologists) to help audiences unlock, understand and utilize their differences and promote team success.
