ONE Workshop

The ONE Workshop is coming Monday May 28!

The annual conference is a workshop this year with speakers targeting ways to successfully sell your product, service, brand, venue or idea. We've taken your suggestions from years past and narrowed in on the topic of sales for our theme, bringing you four distinct speakers who will leave you with must do's post workshop.

Why have we chosen to focus on sales at the ONE Workshop? You told us that you want more knowledge on how to sell in our modern digital age when there is so much noise and competition. The ONE Workshop is the answer. Limited seating is available so be prepared to grab your spot next week when we open up ticket sales.

The ONE Workshop is jointly presented by MPI Greater Calgary and ILEA Calgary.
